# THE LIBERAL PLAN TO RIG THE 2019 ELECTION

## AND HOW YOU CAN STOP IT

Justin Trudeau promises to change the way we elect Members of Parliament. He hasn't presented an alternative. And he refuses to hold a referendum.

# STOP THE LIBERALS FROM DESTROYING OUR DEMOCRACY

"[The Liberals'] 2015 election platform contained a grandiose promise to ensure — that's the exact verb — that this "will be the last federal election conducted under the first-past-the-post voting system." Unfortunately, they did not get around to specifying exactly what will replace first-past-the-post (FPTP)."

Colby Cosh, National Post, Dec. 28, 2015

"The Liberal government plans to use its parliamentary majority to force a constitutional change — electoral reform — without holding a referendum. In the year 2016, this is flatly wrong."

Gordon Gibson, Globe and Mail, Dec. 29, 2015

"If the whole purpose of electoral reform is to enhance the legitimacy of Canadian elections by ensuring the outcome better reflects majority opinion, how can the Liberals justify such a sweeping change while commanding the approval of a mere 39 per cent of Canadians? A change, by the way, that's to be crafted by a committee of politicians dominated by Liberal MPs. Sheer hypocrisy."
