

## Layoffs Delayed – Parties to Negotiate

Today, Postmedia and Unifor Local 2000 announce that an interim agreement has been reached to delay the implementation of the Layoff at Pacific Newspaper Group for two weeks in order to create an opportunity to negotiate a resolution.

For individuals who have received layoff notice effective April 7, 2017, the revised layoff date is April 21, 2017.

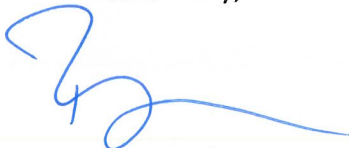

The parties intend to put best efforts forward to mitigate involuntary job loss and address the cost issues facing the employer.

Dates have been set aside next week for negotiation.

We recognize that this is an incredibly disruptive and difficult time for everyone affected by the layoff. We are hopeful that earnest discussions can move us to a quick resolution.

Should you have some particular circumstance that makes an earlier departure a consideration, please discuss this with Human Resources or the Local Union office.

Yours Truly,

Brian Norris  
Director, Human Resources
